Welcome to Chongqing and board the newly - upgraded five - star cruise ship, MIRACLE CRUISE.

Located at the confluence of the Yangtze and Jialing rivers, Chongqing is surrounded by mountains and water on three sides of its main urban area. The city is built along mountains and rivers, with tiered buildings. It is both a "Mountain City" and a "River City", truly a "City of Mountains and Waters".

Our boarding time starts at **4 p.m.** When you arrive at the dock, we offer luggage service, allowing you to board the ship with ease, hands - free.

For guests staying in Executive Suites, we will provide transfer service from Chongqing Airport/Railway Station/hotels in Yuzhong District to the dock starting at **2 p.m.**

In the evening, the cruise offers Chongqing - style light meals and freshly - made noodles.

Tonight, enjoy the captivating 5D - like night view of Chongqing, with city lights mirrored on the rippling river. As we cruise between the two rivers and along the three banks, start your Yangtze River Three Gorges journey and experience the magnificent scenery.

DAY 2 Fuling

Fuling, located at the confluence of the Yangtze and Wujiang rivers, has long been a key waterway hub. It's a birthplace of Ba culture and southeastern Chongqing culture. Once the capital of the Ba State in the Spring and Autumn and Warring States periods, Fuling has a long history, rich culture, and abundant natural and cultural resources.

(A)816 Underground Nuclear Engineering

Tour intensity: ★★★

Tour Method: Shore shuttle bus + Scenic area battery car + Walking (There are approximately 380 steps. The steps are numerous and steep. Please choose according to your own physical condition.)

①Sharing Session - The Mysteries of 816

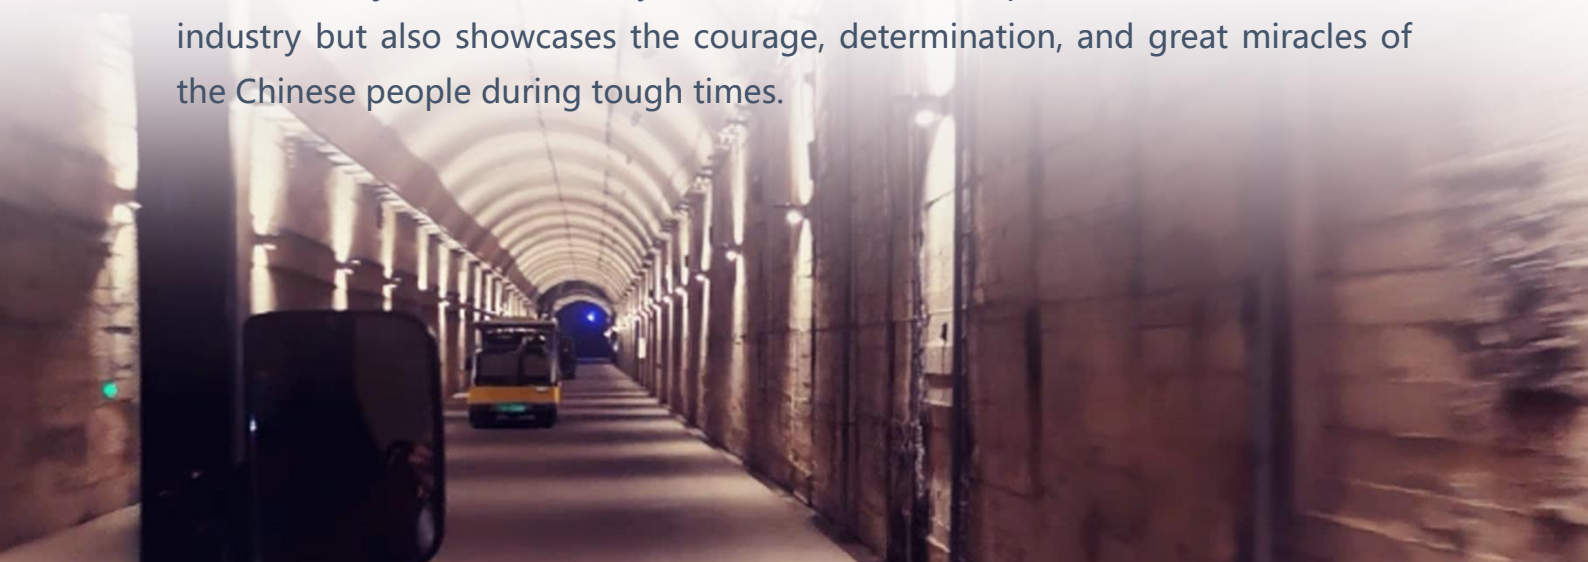

Interpret the international backdrop, analyze the technical and engineering challenges of the 816 Underground Nuclear Project, and showcase its construction environment and secrecy. This helps you understand easily and feel awed during the visit.

②Shore Excursion - 816 Underground Nuclear Engineering

Over 50 years ago, over 60,000 builders were urgently conscripted to the banks of the Wujiang River in the Wuling Mountains for a top - secret project - the 816 Underground Nuclear Engineering. Nearby villages and towns vanished from maps.

Today, some areas of the 816 Project have been declassified and opened to the public. It's the world's largest known artificial military cave project and the only nuclear project site open to tourists. As a national AAAA - level scenic spot (This rating is officially determined by the Chinese government.), it's highly worth visiting.

The 816 Project site not only witnesses the development of China's nuclear industry but also showcases the courage, determination, and great miracles of the Chinese people during tough times.

(B) Baiheliang Underwater Museum

Tour intensity: ★★

Tour Method: Walking + Escalator (There are approximately 30 steps. The route is gentle, and the visit pace is slow, with a low demand for physical strength.)

① Sharing Session - The Story of Baiheliang

Tell the stories of ancient ancestors, share wisdom discoveries and experience inheritance, analyze the historical significance of Baiheliang, appreciate the inscriptions of literati through the ages, and show you the important role of modern engineering in cultural relic protection.

② Shore Excursion - Baiheliang Underwater Museum

The Baiheliang Underwater Museum, a national AAAA - level scenic spot (This rating is officially determined by the Chinese government.), lies in the Yangtze River north of Fuling. It's the world's first non - diving - accessible underwater heritage museum.

The museum houses 165 inscriptions on Baiheliang, over 10,000 characters in all. 108 of them are hydrologically significant, recording Fuling's cultural history for 1,200 years.

Now, the Baiheliang inscriptions are on the World Heritage Tentative List, and are set to jointly apply for World Heritage status with the Nilometer in Egypt.

(C)Wulingshan Grand Canyon

Tour Intensity: ★★★★★

Tour Method: Shore Shuttle Bus + Scenic Area Shuttle + Ropeway + Battery - powered Vehicle (There are a few steps during transfers. The hiking trail is about 1.8 kilometers long and takes about 1.5 hours to walk, with no steps.)

Wulingshan Grand Rift Valley, a national AAAAAA - level scenic spot (This rating is officially determined by the Chinese government.) , is renowned for the world's oldest "scar" - the cliff cracks caused by intense crustal movements, and has the reputation of "China's First Dynamic Canyon".

You can admire the amazing close - range reverse geological structure zone, shaped like a thin knife, with continuous kilometer - long impregnable cliffs, which amaze geologists from all over the world.

The scenic area covers an area of 30 square kilometers, with landscapes such as peaks, plateaus, and valleys arranged in a scattered and rich - layered manner. The altitude ranges from 600 meters to 1980 meters, and the drop from the valley bottom to the peak is over 700 meters. The mountain scenery is extremely magnificent. The air quality in the scenic area is excellent, with rich and diverse native vegetation, including more than 2,000 species of wild plants and over 200 species of wild animals. Here, you can fully enjoy the beauty of nature.

The dawn in Qutang Gorge

Viewing location: 6F - Viewing Deck

MIRACLE CRUISE sails through Qutang Gorge and Kuimen in the morning glow. The carefully - selected time slot is designed to present you with the most beautiful scenery.

Qutang Gorge, one of the Three Gorges of the Yangtze River, also known as Kuixia, starts from Baidi City in Fengjie County, Chongqing in the west and ends at Daxi in Wushan in the east. It's renowned for its grandeur and precipitousness. On both banks, towering peaks soar into the clouds, and the sheer cliffs seem as if chiseled. At the western entrance of the gorge, the two facing precipitous cliffs, hundreds of feet high and less than a hundred meters wide, are shaped like a gateway, named Kuimen. An old Chinese saying, "Kuimen Tianxia Xiong", praises Kuimen for its unparalleled grandeur.

Wushan Small Three Gorges

Tour Intensity: ★

Tour Method: Transfer to a sightseeing cruise ship

Chinese proverb says, "After returning from the Five Great Mountains, one no longer bothers to look at other mountains; after returning from the Ninghe River, one no longer bothers to look at other gorges." Wushan Small Three Gorges, a national AAAAA - level scenic spot (This rating is officially determined by the Chinese government.), is the general name for Longmen Gorge, Bawu Gorge, and Dicui Gorge on the lower reaches of the Daning River flowing through Wushan. It has a total length of 45 kilometers. As the boat sails through, the scenery on both banks is boundless. There are deep and strange peaks with steep cliffs, waterfalls cascading from mid - air, mysterious hanging coffins and ancient caves, ancient plank roads, cliff - side Buddha statues, and there is also a chance to encounter the spectacle of groups of monkeys climbing the cliffs, giving a strong sense of returning to nature.

Wushan grilled fish (Exclusive Itinerary for Executive Suite)

Dining location: shore - side restaurant

Intangible Cultural Heritage on the Tongue, a Legend in the Three Gorges — Wushan grilled fish, a Wushan landmark, dates back over 6,000 years. The mountain - high fish bones and fire - roasted stone tools unearthed in Wushan's Daxi prove ancient Yangtze dwellers' love for grilled fish.

Today, Wushan grilled fish combines marinating, grilling, and stewing. First grilled then stewed, it blends folk recipes with Chongqing hot - pot essence. Dozens of herbs and seasonings create over ten flavors. The tender fish offers a rich taste. Each bite links you to our ancestors.

Wushan Goddess Sky Road + Afternoon Tea at Private Viewing Deck

Tour Intensity: ★★★

Tour Method: Shore shuttle bus + light hiking (The hiking trail is flat with no steps.)

The Goddess Sky Road is 12 kilometers long with an average altitude of about 900 meters. Seen from afar, the road winds like a white ribbon among the green mountains. When walking on it, you feel as if strolling on clouds, experiencing the aesthetic charm of "Wushan's Cloud and Rain" from an ancient Chinese legend. A light hike on the plank road enables you to admire the romantic "Heart of the Three Gorges" formed by three overlapping mountains. Moving deeper, you'll reach the exclusive viewing platform of MIRACLE CRUISE. There, you can overlook the Yangtze River while enjoying afternoon tea, facing the Goddess Peak across the river.

The sunset over Wu Gorge

Viewing location: 6F - Viewing Deck

MIRACLE CRUISE sails through Wu Gorge in the sunset glow. The carefully - selected time slot is designed to present you with the most beautiful scenery.

Wu Gorge, one of the Three Gorges of the Yangtze River, extends 46 km from the Daning River east of Wushan County, Chongqing to Guandukou in Badong County, Hubei. Renowned for its elegance, it has a long, deep valley with towering peaks and layers of mountains. Mist shrouds the area, and the river twists and turns. Sailing through, you'll feel like entering a charming, secluded gallery, brimming with poetry and art.

Night Tour of Wuyuan Cave (Exclusive Itinerary for Executive Suite)

Tour Intensity: ★★★

Tour Method: Shore shuttle bus + light hiking (There are approximately 200 steps)

Wuyuan Cave in Badong, a national AAAA - level scenic spot (This rating is officially determined by the Chinese government.), Combining mountains, waters, caves, etc., it's named for its unfathomable depth. Inside, stalactites stand and springs gush. Outside, there's a winding valley and thick vegetation. Cultural sites like the Three Gorges Stone Inscriptions enrich its cultural charm. Follow Tang poet Li Shangyin's footsteps for a night tour, enjoying the romantic "Bashan Night Rain" and stunning light shows.

DAY 4 Yichang

Time	Activity	Venue
06:30 – 07:00	Sailing through - Xiling Gorge	6F - Viewing Deck
07:00 – 08:30	Buffet Breakfast	Deluxe Room 2F - Restaurant Executive Suite 6F - Restaurant
07:00 – 08:30	Check out	2F - Lobby
Today you will disembark from the ship. Please check all your luggage and belongings to avoid leaving anything behind.		
09:00 – 12:00	Shore Excursion - Three Gorges Project Museum + Three Gorges Damming Memorial Park	
12:00 – 13:00	End of the itinerary - Drop - off at Yichang Tourist Center	

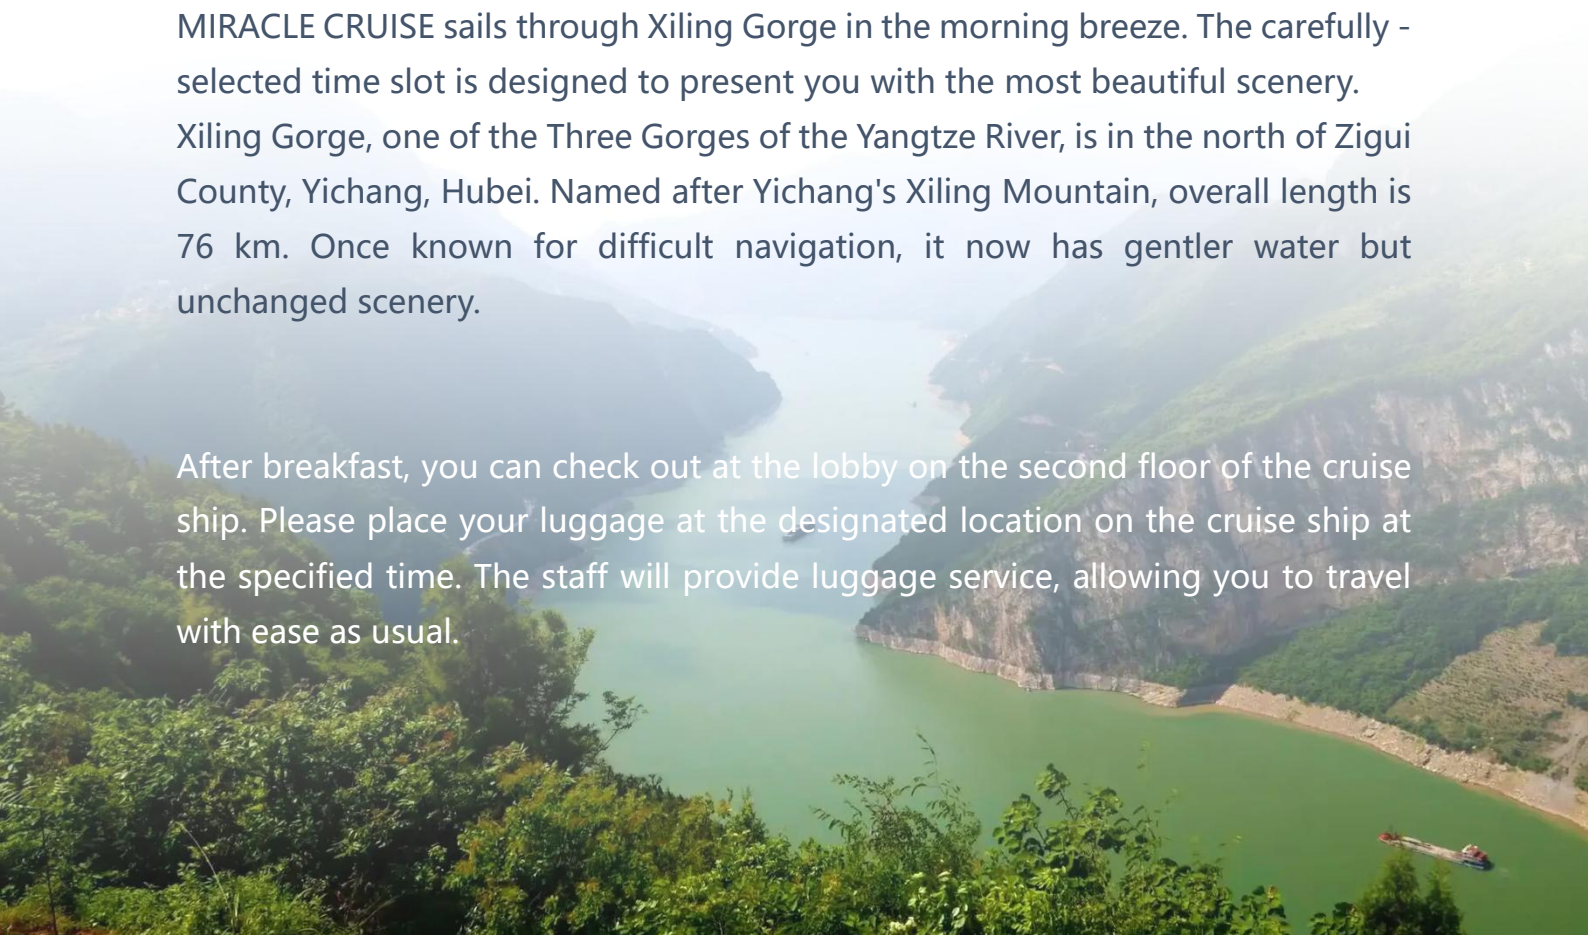

The dawn in Xiling Gorge

Viewing location: 6F - Viewing Deck

MIRACLE CRUISE sails through Xiling Gorge in the morning breeze. The carefully - selected time slot is designed to present you with the most beautiful scenery.

Xiling Gorge, one of the Three Gorges of the Yangtze River, is in the north of Zigui County, Yichang, Hubei. Named after Yichang's Xiling Mountain, overall length is 76 km. Once known for difficult navigation, it now has gentler water but unchanged scenery.

After breakfast, you can check out at the lobby on the second floor of the cruise ship. Please place your luggage at the designated location on the cruise ship at the specified time. The staff will provide luggage service, allowing you to travel with ease as usual.

Three Gorges Project Museum + Three Gorges Damming Memorial Park

Tour Intensity: ★★

Tour Method: Shore shuttle bus + Walking

The Three Gorges Project Museum, within the national AAAAA - level Three Gorges Dam scenic area (This rating is officially determined by the Chinese government.), is the world's largest hydropower - themed museum. It consists of three basic exhibition halls: the Three Gorges Hall, the Project Hall, and the Hydropower Hall. It comprises three halls: the Three Gorges Hall, showing the project's century - long journey and benefits; the Project Hall, analyzing it from social, cultural, tech, environmental and development aspects; and the Hydropower Hall, presenting China's hydropower development and tech.

The Three Gorges River - Closure Memorial Park, the country's first water - conservancy - themed park centered on the Three Gorges' river - closure, allows visitors to view the dam's grandeur. It preserves construction materials like partition walls for sand - gravel stockpiling, over 100 leftover tetrahedrons from the closure, and large machinery such as 77 - ton loaders and horizontal - throwing ships.

Upon completion of the trip, we will transfer you to Yichang Visitor Center and offer luggage service.

For guests staying in the Executive Suite, the executive butler will check your transportation details to Yichang in advance. We will provide pick - up and drop - off service from the scenic area to Yichang Airport / Railway Station / Visitor Center.

Thank you for choosing the five - star cruise MIRACLE CRUISE. Wish you a pleasant journey and look forward to seeing you again!
